Didn't find your anchor?

Contact our Sales team for **an offer!**

Getting in touch with our sales people is a simple matter. Just look for the person who deals with your specific country and/or language. Feel free to call himher directly and explain your requirements.

Looking for welding services?

Discover our cost-saving **Rapid Arc Welding!**

Rapid Arc Welding (RAW) is an innovative method of fixing refractory anchors inside high temperature vessels and furnaces, it is recognized industry-wide for its ability to optimize the quality, speed and safety of the anchor installation process.
